Welcome

HARTNELL COLLEGE

Spring 2022 courses will still offer many courses online. However, we are striving to phase in more hybrid and in-person classes. We are taking a cautious and measured approach because we want to ensure the safety of both our students and our employees. We will continue to require everyone on campus to wear a face mask, to practice social distancing, and to follow other health and safety protocols to counter the spread of COVID-19 and its variants.

HARTNELL COLLEGE

Dear spring students,

Thank you for choosing to begin or continue your education with Hartnell College!

You have made two good decisions – to pursue your educational and career goals, and to enroll with Hartnell. Our knowledgeable and supportive faculty and staff will do all we can to help you accomplish your objectives, now and in the future.

Our college will continue its return to in-person instruction during the Spring 2022 semester, but we also will offer many online classes for students who desire that option. We are excited about the completion of new education centers in Castroville and Soledad, as well as the expansion of our existing center in King City. The new Center for Nursing & Health Sciences on our Main Campus is also scheduled to welcome students.

To help ensure the safety of our entire community, we are requiring all students and employees to be fully vaccinated for COVID-19, with limited exceptions. Thank you for cooperation with this policy, along with other safety measures that may remain in place as we work through this unprecedented challenge.

Faculty will introduce you with essential learning tools on the Canvas online learning platform, and our counseling, financial aid and tutoring staff – among others – are ready to help via email, Zoom and telephone. We maintain an extensive list of resources for online students on our website, and I encourage you to take full advantage of those.

Again, congratulations on your enrollment at Hartnell, and best of luck to you this spring!

Sincerely,

Raúl Rodríguez, Ph.D.
Superintendent/President
Hartnell Community College District

Growing Leaders Opportunity. Engagement. Achievement.

HARTNELL COLLEGE PLACEMENT

SPRING 2022 Important Placement Information

Starting students on a successful pathway to complete a Hartnell certificate of achievement or associate's degree, and facilitating the transfer of those students interested in pursuing a bachelor's degree are priorities at Hartnell.

Every student, regardless of past school experiences, has the opportunity to begin in transfer-level coursework because we believe students who choose Hartnell are up to the challenge. We have extensive support systems in place to aid all students when developing an educational plan, applying for financial aid, and choosing among classes each semester. Individualized support is available to help you meet your goals as you navigate through challenging coursework. The students who succeed at Hartnell make use of these, and many other, support programs. Seek out the support and aid best suited to your needs. We are here to help.

Taking the right Math, English, and/or ESL class is very important to save you time and money. This is one of the most important first steps to ensure you are successful in your college career and meet your goals.

In addition to using High School data for placement, students may use the following measures for course placement:

- Previous College coursework in English and/or Math
- GED/HiSET Scores
- Advanced Placement (AP) Exam scores
- SAT/ACT scores, and SBAC/CAASSP exam scores
- Foreign transcripts may be considered if they have been evaluated by an approved agency
- Guided Self-Placement for English as a Second Language

For additional guidance, please call Hartnell College Counseling at **(831)755-6820** .

Frequently Asked Questions

Do I need to take an assessment test?

No. Hartnell College no longer uses assessment testing for placement for English, Math and ESL courses. Hartnell College has adjusted its placement rules for incoming students to make them immediately eligible to enroll in transfer-level math, English, and ESL courses, in line with the requirements of Assembly Bill 705 (AB 705), which took effect on Jan. 1, 2018. In addition to high school coursework and grade point average, the college will use multiple measures to place students into transfer-level English and Math coursework.

HARTNELL COLLEGE SPRING 2022

How do I determine which English and/or Math class I need to take? (Concurrent & Dual Enrollment)?

Concurrent Enrollment Students

Students who are currently enrolled as high school students and planning to enroll at Hartnell College outside of their regular school day are considered Concurrent Enrollment students. Concurrent Enrollment students will need to meet with a counselor to determine their course placement. Counselors are available at [Express Counseling](#) (no appointment needed); General Counseling by appointment at (831) 755-6820. **High school transcripts (unofficial) are required. Please plan accordingly.**

Dual Enrollment Students

Students who are currently enrolled as high school students and planning to enroll in Hartnell College coursework being delivered at the High School as a part of their regular school day, are considered Dual Enrollment Students. Dual Enrollment Students will need to meet with a counselor to determine their course placement. This process is facilitated by the Dual Enrollment Coordinator at your school site or District.

I am interested in English as a Second Language Courses. As of Fall 2020, students who plan to enroll in English as a Second Language (ESL) courses will be asked to go through guided self-placement for placement into the appropriate ESL course. If you would like help with ESL Placement, please call **(831)755-6028** .

Who should enroll in English as a Second Language Courses? English as a Second Language courses at Hartnell are designed for students who have immigrated to the US and want more support with reading and writing in college. Students can also choose courses that help them with vocabulary, pronunciation, and listening/speaking.

Hartnell College offers coursework in English Reading and Composition (College-level), credit-based English as a Second Language (intermediate to advanced level), and non-credit English as a Second Language (beginner level). Please go to our website to learn more about [ESL and English Coursework \(https://www.hartnell.edu/students/admissions/registration/placement.html\)](https://www.hartnell.edu/students/admissions/registration/placement.html).

As a Hartnell College student, you have the right to access college-level English composition courses, regardless of your educational history. But if you are still learning the English language, then English as a Second Language (ESL) courses are a great option! The credit ESL program helps you build your English skills and leads you to college-level English courses.

Taking the right class is very important to save you time and money. This is one of the most important first steps to make sure you are successful in your college career and meet your goals. The credit ESL program is designed to lead you directly to college-level English composition in three years or less! To discover your course placement, you may use the [Online Placement Tool](#), or make an appointment to **meet with a Counselor by calling (831) 755-6820.**

What services are available for students with disabilities? The ESL Placement Tool is not a test and is accessible to most students with disabilities. Additionally, students with disabilities may arrange for modified assessment test by calling the Department of Supportive Program and Services (DSP&S) at (831) 755-6760.

Students with disabilities are encouraged to meet with a DSPS counselor to develop an education plan and to enroll in classes at Hartnell College. A DSPS counselor enriches the educational experience of students with disabilities by addressing the individual needs of each student's strengths, weaknesses, as well as disability accommodations and services into the educational planning process.

What if I don't know how to use a computer?

No computer skills are required and the Placement Office Staff is available to help you in using a computer to access the Online Placement Tool, if needed.

When I complete the placement process what is the next step? The next step is to meet with a counselor to develop an educational plan.

To make a counseling appointment:

Main Campus (831) 755-6820
